Repute Logitech Private Limited is a name to reckon within the Indian logistics and supply chain landscape. Repute is the materialization of the vision of an ace logistics veteran with 2+ decades of experience under his belt. The insights garnered while working with mainstream national logistics companies have been optimally leveraged to provide holistic solutions to clients. Since the company's genesis in 2009 at Chennai as Repute Logistics, it has crossed many performance milestones with stellar performances and less turnaround times.

Repute has rapidly grown to become the one stop destination for Indian Companies, MNCs and individual customers alike. The agility offered to customers stems from our thorough knowledge of Customs and other regulations and strategic tie-ups with service partners across the globe.

QUALITY POLICY

At Repute Logitech, our focus is on continuous improvement without compromising on quality. We adhere to the international quality norms as laid down by ISO: 9001 standards. Our team continuously scrutinizes service arenas to seek out scope for improvement, usher in more innovation, remain relevant and contemporary, and deliver best and cost-efficient results.

We have a robust customer feedback process that keeps us informed about the changing expectations of clients which we consciously cater to. We evaluate our KPI periodically for slashing costs, improving TAT, and delivering more value for customers' money. Our state of the art tracking mechanism helps customers remain aware of the shipment's mobility at all stages.

PHILOSOPHY

Repute Logitech believes in offering the competitive edge to its customers by shielding them from escalating costs and service deteriorations with efficient supply chain management. Each shipment, irrespective of its value & quantum, is accorded equal priority. We believe in empowering our clients by delivering shipments at destinations within shortest possible time at optimal cost. We are always on the lookout for better alternatives to hone our services. Our proactive and pre-emptive solutions reinforce the credibility of clients and help them surge ahead confidently in their endeavours.

STRENGTHS

Our strength lies in living up to the expectations of our clients realistically. We adopt long term vision and imbibe futuristic perspectives in our efforts to ensure that we remain adaptive to future changes. Our team consistently aligns the logistics needs of our clients with contemporary changes. This helps us to offer fast paced services to customers without being hindered by the encumbrances that characterize the market.

Repute Logitech brings into reality the Think Global, Act Local ideology by giving customers a choice of both the trust of traditional companies and the expertise & infrastructure of multinationals.
